

Are you ready for the
challenge Detective?

CYBER CROWD

CYBER ESCAPE THE INSIDER

Unlock Cybersecurity Skills: Play, Learn, and Level Up!

WHAT IS THE CYBER ESCAPE ROOM?

Step into the thrilling world of the Cyber Escape Room – The Insider, where no prior cybersecurity knowledge is needed! Race against the clock to solve clues, uncover insider threats, and tackle real-world challenges like phishing emails, weak passwords, and data breaches.

Players become detectives in this immersive, gamified experience, solving cybercrimes while building team collaboration and learning essential skills. Forget boring classroom sessions - this is cybersecurity training reimagined as an unforgettable adventure.

THINK FAST, STAY SECURE: MASTER CYBER SKILLS IN OUR ESCAPE ROOM CHALLENGE

Test your skills with our interactive workshops, designed to **engage, educate, and empower**. CyberCrowd's escape rooms simulate **real-world cyberattacks**, equipping you with practical skills to tackle evolving threats.

In a high-pressure race against time, you'll face challenges like:

- Spotting phishing emails.
- Preventing data leaks.
- Strengthening weak passwords.
- Detecting insider threats.

Experience a realistic, gamified environment **that builds strategy, teamwork, and problem solving skills**.

OVER 90% OF CYBERATTACKS STEM FROM HUMAN ERROR

Empower your team with cybersecurity awareness training to reduce risks and protect your organisation.

INTO THE CYBER ABYSS: AN UNFORGETTABLE IMMERSIVE EXPERIENCE

This interactive event combines the thrill of escape rooms with cutting-edge learning tools, delivering an experience that's both engaging and impactful.

WHAT'S ON OFFER?

CYBER ESCAPE: THE INSIDER

Become a cyber detective in this gripping story-driven, high-stakes simulation. Guided by front-line cyber experts, teams will solve clues, decrypt codes, and make split-second decisions to stop a simulated attack. Designed for both IT professionals and beginners, it's an experience anyone can tackle.

More Than Just an Escape Room

The adventure extends beyond the escape room challenge. Throughout the event, you'll engage in interactive sessions that:

- Connect with industry experts.
- Experience real-world cybersecurity simulations.
- Learn actionable skills to safe-guard yourself and your organisation from evolving cyber threats.

Bespoke Experiences Tailored to Your Needs

We tailor our program to fit your team's schedule and goals. Whether you prefer a full-day or half-day format, we'll create the perfect experience for you.

TIME IS TICKING...

The stakes are high - will your team outsmart the attackers and level up your cybersecurity skills?

WHAT WILL YOU LEARN?

This training combines gamified learning with practical cybersecurity awareness to engage and educate participants at all levels. By equipping employees with essential skills to defend their digital lives, your business gains an additional layer of protection against evolving cyber threats. In today's landscape, cybersecurity isn't just an IT issue - it's a company-wide responsibility.

This isn't just training - it's empowerment. By turning your team into confident cyber defenders, you'll build a workforce that protects not only themselves but also your organisation's most valuable assets.

KEY TOPICS COVERED INCLUDE:

- **STRONG PASSWORDS**
- **PHISHING AWARENESS**
- **SOCIAL MEDIA PRIVACY**
- **INSIDER THREATS & MITIGATION**
- **TYPES OF CYBER ATTACKS**
- **TWO-FACTOR AUTHENTICATION**
- **...AND MUCH MORE!**

UNLOCK THE POWER OF GAMIFIED LEARNING

The image shows a digital interface for a "Cyber Escape" exercise. It features a world map on the left and a shield-shaped area on the right containing a grid of alphanumeric characters. A large, glowing keyhole is positioned in the center of the shield. Below the shield, there is a "LIVE STREAM" banner. At the bottom, a hand is shown typing on a keyboard.

LIVE STREAM

The Benefit

Our Cyber Escape exercise provides your staff with practical knowledge and skills to protect your company from cyber attacks. By participating, your team will develop better online security behaviours, team working skills, and have fun in the process.

WHY GAMIFIED LEARNING WORKS

- **Engagement:** Gamification transforms learning into an interactive, exciting experience that sticks.
- **Real-Life Skills:** Practical simulations prepare you for real-world cyber challenges.
- **Retention:** Active participation ensures you remember and apply what you've learned.
- **Motivation:** Friendly competition and hands-on problem-solving keep you focused and invested.

THE IMPORTANCE OF CYBERSECURITY AWARENESS

Even with top-tier security systems, a single click on a phishing link can undo everything. Cybersecurity training equips employees to spot and respond to threats, fostering a culture of vigilance and protecting sensitive data from breaches.

CYBERCROWD: BUILDING A CULTURE OF SECURITY

Our training programs make cybersecurity engaging and practical. From immersive simulations to bespoke sessions, we tailor our approach to meet your needs.

- **Cyber Escape – The Insider**
A gamified, team-based experience to boost problem-solving and strategy skills.
- **Security Awareness Training Platform**
Ongoing, interactive learning to keep cybersecurity top of mind.
- **Bespoke Training**
Custom programs addressing your unique risks.
- **Email Phishing Simulations**
Realistic tests to sharpen phishing detection and reporting.
- **Social Engineering Awareness**
Training to defend against human-focused threats.

At CyberCrowd, we provide the tools to help your organisation stay ahead in the ever-evolving cybersecurity landscape. Contact us to discuss the right training strategy for your team.

WHY CHOOSE CYBERCROWD TRAINING?

Real-World Expertise: Trainers with hands-on experience investigating cybercrime.

Proven Success: Trusted by organisations across industries.

Gamified Learning: The ultimate blend of education and entertainment.

BENEFITS OF CYBERCROWD'S TRAINING

- **REDUCED RISK:** FEWER BREACHES CAUSED BY HUMAN ERROR.
- **COMPLIANCE CONFIDENCE:** MEET REGULATORY REQUIREMENTS AND AVOID PENALTIES.
- **STRONGER CULTURE:** A WORKPLACE WHERE CYBERSECURITY IS SECOND NATURE.
- **TAILORED CONTENT:** FROM INSIDER THREATS TO PHISHING, WE COVER IT ALL.
- **PRACTICAL SKILLS:** HANDS-ON SIMULATIONS FOR REAL-WORLD APPLICATION.

Choose CyberCrowd for training that's dynamic, relevant, and impactful.

ENHANCE SECURITY POSTURE AND RESILIENCE WITH TAILORED CYBERCROWD SERVICES

MANAGED DETECTION & RESPONSE SERVICES VIA CYBERCROWD'S 24/7/365 UK SECURITY OPERATIONS CENTRE

Proactive threat detection, investigation, and response whether your infrastructure is on the cloud or on-premises. Watch the video:
www.cybercrowd.co.uk/solutions/soc

PENETRATION TESTING

Uncovering AI & system vulnerabilities with a full range of pen testing services for infrastructure, web apps, and mobile apps, including phishing, social engineering, and PCI scanning.

DATA PROTECTION

Our data protection consultancy includes a thorough data gap analysis, ensuring compliance and seamless backup and recovery.

EXPERTS AS A SERVICE & CONSULTANCY

Whether it's a DPO or a CISO, your needs are covered with a professional and capable team available to you as a service.

STRATEGY & TRANSFORMATION

We offer expert guidance to help organisations develop a strategic vision for advancing their cybersecurity maturity.

INCIDENT RESPONSE TABLETOP

Exercises that simulate security breaches to test response plans, identify weaknesses, foster team cohesion, and boost preparedness.

TRAINING & AWARENESS

Incorporate security by design into your organisation through customised or platform-based cybersecurity training and awareness.

CERTIFICATION & READINESS

Offering a complete range of certification readiness, including Cyber Essentials, ISO 27001, SOC 2 and DSP Toolkit.

CYBERSECURITY TRAINING THAT KEEPS YOU ON THE EDGE OF YOUR SEAT!
